

So Fresh And So Green

Release Date: 01-11-11

New Vegan Soapnut Soap Bars To Celebrate World Vegan Day 2011

To celebrate World Vegan Day LIVING NATURALLY are launching their first two Organic Vegan Soapnut Soap Bars.

The soap bars come in two varieties: Olive and Neem. They are hypoallergenic, completely FREE FROM chemicals, sls's, parabens, and perfume. Best of all they are VEGAN, CRUELTY FREE and made with only ORGANIC and SUSTAINABLE ingredients. They have a glycerine base, with organic coconut oil and sustainable palm oil, which gives it a gentle lather which doesn't strip away essential moisture from the skin.

These soap bars from LIVING NATURALLY contain soapnut powder made from organic soapnuts which are naturally anti-fungal and anti-microbial, and will ever so gently exfoliate your skin whilst you wash.

The Olive Oil bar has great nourishing and moisturising qualities and is great for dry or aging skin. This is a great gentle soap that can be used for delicate skin or anyone who needs their soap to be absolutely pure.

The Neem Oil bars have an added anti-bacterial and anti-inflammatory quality which makes it great for troubled skin or anyone who just wants a bit of extra clean.

LIVING NATURALLY Vegan Olive and Neem Soapnut Bars are only available online from www.soapnuts.co.uk
